

Application No. 09/914,006

Docket No.: 05899-00013-US

REMARKS

On July 20, 2009, Examiner Fronda called and spoke with Applicants' representative Liza D. Hohenschutz to advise her that he wanted to allow the application, but amendments to the specification were required before the case would be in condition for allowance. Specifically, Examiner Fronda advised Applicants' representative that an Abstract was required, as well as a Brief Description of the Drawings. Additionally, Examiner Fronda requested a copy of the declaration for the application, as it did not appear in the file.

The specification has been amended to insert a Brief Description of the Drawings. Support for amendment can be found throughout the specification and in particular at page 4, lines 3 and 14, page 13, last line to page 14, line 2 and page 17, lines 20-25.

The originally filed Abstract has been replaced with the Abstract submitted on a separate sheet.

Applicants also submit herewith a copy of the declaration of the inventors. The declaration of the inventors can be found online in PAIR in the file "Specification." The declaration is located at pages 34 and 35.

Applicants respectfully request entry of the amendments to the specification and abstract, and allowance of the application.

Dated: July 28, 2009

Respectfully submitted,

By Liza D. Hohenschutz
